**Marine Performance**

**Never  
Wax your  
Boat again!**

## **Professional Grade Marine Care Products**

**STOP SANDING YOUR BOAT'S GELCOAT:** Other brands use pumice or lava rock in their polish compound, which is harder than your gelcoat. This acts as sandpaper on your boat, dulling the finish and damaging your gelcoat.

**OUR PRODUCT WORKS DIFFERENTLY:** ProMAXX Marine's compounds are all synthetic and softer than your gelcoat. That is why they polish your boat's surface and restore it to its full luster without damaging the gelcoat. Unlike Carnauba based products, which deteriorate in sunlight within six-to-eight weeks leaving your boat unprotected, our maintenance and polymer ceramic coating **phz\_2/mnt\_3** cures in the sunlight to provide lasting protection all season long. Choose the best, Choose ProMAXX Marine.

# Advanced Cleaners and Polish Preparation

## Preparation for Polishing

### Hull Cleaner

PMMHCP

Cleans your boat's gelcoat surface. Can also be used for pre-polishing preparation. *Will not remove wax.*

**\$12.95 ea**

### Deck & Bottom Cleaner

PMMDBC

Cleans your boat's deck, swim platform, and bottom surfaces. Can also be used as a pre-power wash cleaner.

**\$14.95 ea**

### Vinyl Cleaner

PMMVC

Quickly cleans your boat's vinyl seats and interior. Retains natural oils in the material and protects against UV damage.

**\$9.95 ea**

# Marine Care System

Professional Marine Care Kit (16 oz)

## Refill Kit

PHZ\_1 & PHZ\_2

\$38.95

PMM100

\*MNT\_3 & PHZ\_0 Sold Separately

## How It Works:

(NOT JUST ANOTHER POLISH)

The particles in our synthetic gloss compound start out coarse, removing scratches and damages, then naturally break down to fine particles.

This polishes to a mirror-like finish without damaging the gel-coat or fiberglass.

\$49.95

PMMKIT100  
(Includes: Bag,  
Towel, Pad,  
PHZ\_1 & PHZ\_2).

## Compound Guide

Extreme Damage

One Time Synthetic Gloss Compound

Annual Glaze
